From the Engineer-in-Chief(R&B)Roads, Hyd., Lr
No.2810/Eluru/DEE3/AEE/2012, dated: 02-08-2012

ORDER:

In the letter read above, the Engineer-in-Chief (R&B)Roads, Hyderabad., has stated the details of the proposals in respect of the two works in West Godavari District are as follows:

- (i) Bhimavaram – Dongapindi road from 0/0 to 11/4 and Bhimavaram – Losari road from 0/000 to 4/130 (Gutlapadu Revu-Barrevanipeta road):

Bhimavaram – Dongapindi road is an important Major District Road in West Godavari District. Bhimavaram – Losari road, which is locally called Gutlapadu Revu to Barrivanipeta is another important road in West Godavari District. The total length of Bhimavaram – Dongapindi road is 20.265 and total length of Bhimavaram – losari road (Gutlapadu revu to Barrivanipeta road) is 4.130 Kms. The first road from 0/000 to 11/400 in continuation with second road from 0/000 to 4/130 connects two important NHs i.e. NH 214 (Kathipudi – Pamarru) and NH214A (Digamaruru – Ongole road).

Bhimavaram town is a major town in West Godavari District, which is a commercial and educational center. There are several engineering colleges, dental colleges and corporate Junior, Degree and P.G. Colleges and corporate medical facilities. Further aqua culture also developed surrounding Bhimavaram area and number of aqua processing and exporting units are also located in this area resulting in increased traffic intensity. Presently traffic intensity is 12154 PCU per day & CVPD is 684.

The above two roads are single lane roads and the traffic plying on the road is much more than the road capacity. Due to narrow lane width the public and traffic are facing inconvenience and accidents are frequently occurring. Hence it is very essential to widen the above roads from single lane to double lane.

- (ii). Bhimavaram – Narsapur road km 0/0 to 10/0:

Bhimavaram – Narsapur road is an important MDR in West Godavari District with a total length of 28.650 Km connecting number of villages, other R&B roads and serves as the shortest route to connect Bhimavaram and Narsapur towns. It connects NH-214 at Bhimavaram and NH-214A at Narsapur.

Presently traffic intensity is 18870 PCU per day and CVPD is 968. Famous temple of Lord SomeswaraSwamy, one of Pancharamams is located at Km 1/400 on this road and large no. of pilgrims visit this temple regularly.

(PTO)

The road consists of intermediate lane from 0/0 to 8/150 and single lane from 8/150 to 13/400. Due to narrow lane width, the public are facing inconvenience and the present width of the road was not to cater to the present and projected traffic needs. Hence it is now proposed to widen this road to double lane from 0/0 to 10/0 duly providing CC pavement in village limits.

2. The Engineer-in-Chief (R&B) Roads, Hyderabad., has also stated that the above two works do not require any Stage -I approval as contemplated in G.O.Ms.No.94, Irrigation & CAD Deptt, Dt:01.07.2003.

3. The Engineer-in-Chief (R&B) Roads, Hyderabad., has requested the Government to accord administrative sanction for the two works in West Godavari District i.e., Widening and Strengthening of (i) Bhimavaram – Dongapindi road from Km 0/0 to 11/4 and Bhimavaram – Losari road (Gutlapadu revu to Barrevanipeta road) from Km 0/0 to 4/130 for an amount of Rs. 1520.00 lakhs and (ii) Bhimavaram – Narsapur road from Km 0/0 to 10/0 for an amount of Rs. 800.00 lakhs, under Normal State Plan, under the head of account-5054-04-GH11-800-SH(07)-530-531, under PLAN MDR Scheme.
